Team Evaluations

	Score Category	Description	Max Value
Part I	5x Back-to-Back Trials with Task Board Video Recording	Continuous video recording (max length 10min) with points awarded from task board **Bonus** for ***Robustness***.	20 x 5 = 100
	Solution Transferability Demo	Team includes video of their robot working with a Bring-Your-Own-Device "BYOD" object, to demonstrate your robot's agility. **Bonus** points if its related **e-waste**, e.g., smoke detector, remote, etc.	25 + 5 = 30
	Code Re-Use **Bonus**	Team builds on top of existing software and shows a clear paper trail (GitHub Fork + Pull Request) and citation to previous Robothon or euROBIN work.	50
	Project Documentation	Team provides accurate description of their robot platform, software dependencies and instructions on how to start their system in a public repository.	30
Part II	Live Presentation	Team demonstrates solution to task board and transferability demo during 30min Zoom call. **Bonus** for ***Flexibility***	20 + 20 = 40
	Total Team Score	***Finalists selected by Grand Jury**	**250**
